

ONGOING COMPLIANCE STATUS REPORT

CHROMIUM ELECTROPLATING

WI DNR FORM 4500-162 (8/96)

If you are required to submit **this** report, submit it to:

WI DNR Bureau of Air Management
101 S. Webster St., P.O. Box 7921 (ANV7)
Madison, WI 53707
Attn: MACT Notification Coordinator

A major source is required to prepare and submit this report to the DNR as often as is stipulated in its air operations permit. Generally, this is every six months. An *area source* is required to prepare this report annually, but is not required to submit it. An exceedance of emission standards will increase the ongoing compliance reporting requirements.

For more information, refer to *Facts about. Maximum Achievable Control Technology (MACT) Standard for CHROMIUM ELECTROPLATING*, available from the your DNR air inspector or the Small Business Clean Air Assistance Program at (608) 267-9214 or (608) 264-6153. You can also refer to 40 CFR Part 63, Subpart N--National Emission Standards for Chromium Emissions from Hard and Decorative Chromium Electroplating and Chromium Anodizing Tanks. It is not the Department's intention to use any personally identifiable information from this form for any other purpose.

Plant Name _____

Plant FID# _____

Plant Phone Number _____

Plant Contact/Title _____

Mailing Address _____

Street Address _____

City _____ State _____ Zip Code _____

Address _____

(If different than Plant's)

City _____ State _____ Zip Code _____

1. Identify the beginning and ending dates of the reporting period:

Beginning ____/____/____

Ending ____/____/____

2. Complete the following table. If additional lines are needed, make copies of this page.

CHROMIUM ELECTROPLATING TANK(S)			AIR EMISSIONS CONTROL		OPERATING PARAMETER(S)		
Tank ID	Type of tank	Applicable emission limit	Pollution control technique	Control system ID #	Monitored parameter(s)	Acceptable value or range of values for monitored parameter(s)	Total operating time during this reporting period

*1 Acceptable values are established during your Initial Performance Test or are the applicable emission limits.

3. Complete the following table only for small, hard chromium electroplating tanks that you are limiting your maximum cumulative rectifier capacity in accordance with 40 CFR 63.342(c)(2).

Tank ID#	Ampere-hours consumed by month						Total ampere hours consumed during reporting period
	Month1	Month 2	Month 3	Month 4	Month 5	Month 6	
Total for all tanks							

4. Attach all **Ongoing Monitoring Records** for this reporting period. Based on the data on excess emissions and the data on operating times, calculate the following hours:

	<u>Hours</u>	<u>Percent of total operating time</u>
Duration of excess emissions caused by:	_____	_____
Process upsets	_____	_____
Control equipment malfunctions	_____	_____
Other known causes	_____	_____
Unknown causes	_____	_____
Total duration of excess emissions	_____	_____

5. Check the box that applies.

- ☐ During this reporting period, the **Work Practice Standards** identified in 40 CFR 63.342(f) were followed in accordance with **the** Operation and Maintenance Plan for this source.
- ☐ During this reporting period, the **Work Practice Standards** identified in 40 CFR 63.342(f) were not followed in accordance with the Operation and Maintenance Plan for this source.

6. If the **Operation and Maintenance Plan** was not followed during the reporting period, please provide an explanation for the following:

Reasons for not following the provisions in the plan

An assessment of whether any excess emissions and/or parameter monitoring exceedances are believed to have occurred

A copy of the appropriate records documenting that the Operation and Maintenance Plan was not followed. Please state whether or not the plan is being revised accordingly.

7. Please describe any changes in monitoring, processes or controls since the last reporting period.

8. Authorization

Print or type the name and title of the Responsible Official for the plant-

(Name)

(Title)

A Responsible Official can be:

The president, vice-president, secretary, or treasurer of the company that owns the plant;

The owner of the plant;

The plant engineer or supervisor,

A government official if the plant is owned by the Federal, State, City, or County government;
or

A ranking military officer if the plant is located on a military base.

I Certify That The Information Contained In This Report Is Accurate And True To The Best Of My Knowledge.

(Signature of Responsible Official)

(Date)
